

'The Nib': CAL Waverley Library Award for Literature

10 years

'The Nib'

2002-2017

Community Partners

The Nib Literary Award is a highly regarded, unique national project, recognising outstanding research by Australian writers.

Waverley Library has organised the award since 2002, with generous support of community partners.

Award books are frequently those works which bring great enjoyment and information to both library readers and the general community - and contribute significantly to society's well-being.

The promotion of Australian authors and books, the fostering of literary appreciation, reading and literacy generally, undertaken in conjunction with considerable direct engagement with the community, have been paramount to the award's outstanding success.

Waverley Library is seeking community partners to ensure the award continues.

The greater part of our current external funding concludes at the end of this year!

We are very pleased to have the following organisations as our current sponsors:

- Copyright Agency Limited, Cultural Fund
- Waverley Council
- Friends of Waverley Library
- Jim Crofts Studios, Bondi Junction
- Display by Design

If you would like to be associated with the award, we would be delighted to hear from you.

All contributions are welcome, and may be tax deductible.
