

# Eat Pray Naches

Jewish Community Stories

Our first Seder in this country with my grandparents, parents and brother. Alex Ryvchin migrated here from the Soviet Union in 1988.

## Stories connect us to our history, our traditions and who we are.

Eat, Pray, Naches is a unique project that celebrates Waverley's Jewish community by preserving and sharing the stories of its post-war immigrants and their families. The exhibition will showcase food, rituals and joys of Jews from Israel, the Soviet Union, Hungary, South Africa, China, Egypt and the Middle East. Discover the Waverley Jewish community's tales of hardship, courage and optimism.
