HERE'S HOW IT WORKS:

- **Up to 6 films per month** - Your library has generously given you 6 play credits every month.
- **3 days to watch each film** - Once you press play on a film, you have 3 days to view it as many times as you like without using another play credit.
- **Play credits reset on the 1st of the month** - Once you have reached your quota of films, you will not be able to play any films until the new month starts when you will be given a fresh quota of 10 play credits again.
