Mr Peter Monks Director Waverley Futures will provide a progress update on the Bondi Junction Civic Heart project.

Waverley Council is in the early stages of investigating the creation of a civic heart in Bondi Junction. The site is focused on the Council owned buildings around the Boot Factory including the Waverley Seniors Centre, Officeworks, Waverley library and the Council owned terraces in Ebley Street.

Possible uses being considered for the civic heart project include a consolidated administration centre for Waverley Council including community, recreation and administration services. The potential for the site being the location of any possible future consolidated eastern suburbs Council is also to be investigated.

The project has a provisional budget allocation of \$60million and is anticipated to be a 5-7 year project from the current preliminary investigation phase to the possible construction of any future buildings.

This is a public meeting – come along & find out more!

The Precinct residents group is for YOU. Find out more about what Waverley Council is doing and have your say in what's going on. Get involved – don't leave it up to others.
