Don't be shocked by unexpected Christmas surprises. This is your last chance for the year to find out what's planned for your community!

1. See how the proposed high rise tower will overshadow Centennial Park - What can you do to save your heritage and community?
2. Update on all the DAs and developments from Bondi Pavilion to Bronte RSL
3. Parking and congestion in the precinct - What's being done?
4. Safety in your community update
5. Council amalgamations - What you need to know

Come along to meet your councilors, ask them questions about your community and ask them what can they do for you.

This is a public meeting. All are welcome!
