

From 1 July 2018 all applications will need to be lodged online.

# AUTOMATED PLANNING CERTIFICATES COMING SOON!

Waverley Council - delivering faster, more efficient online services

## WHAT IS A SEC 10.7 PLANNING CERTIFICATE?

Sec 10.7 Planning Certificates contain planning information in relation to a specific parcel of land and are issued by Council to the general public upon application and payment of fees. Certificates are usually obtained by people who intend to buy/sell land or undertake development.

Currently Sec 10.7 Planning Certificates are processed and checked by Council staff before being issued to customers within 3-4 working days. To speed up this process, Council is currently working to automate certificates so that they are issued electronically, via email within 15 minutes. The automation of all Planning Certificates is expected to be in place from 1 July 2018. From this date, all applications will need to be lodged online.

This project is in line with the New South Wales State Government's ePlanning Program which provides a range of tools and services that enable businesses and the community to access and transact with planning information from anywhere, at any time.

If you have any questions about these service improvements or how you can lodge your application online, contact [gis@waverley.nsw.gov.au](mailto:gis@waverley.nsw.gov.au)
