MEETING**

Waverley Council is investigating an exciting opportunity to create a **leading knowledge and innovation hub** based at the Boot Factory site at 27-33 Spring Street in the heart of Bondi Junction.

Local firm Elton Consulting has been engaged to consult with the community and selected experts about potential uses for the site, with a focus on science, technology, engineering, arts and maths (STEAM) approaches.

Elton Consulting will give a presentation at this meeting and are keen to get early input from the Mill Hill/Bondi Junction Precinct. Please come along and tell us your thoughts about a knowledge and innovation hub at the Boot Factory site

THE BOOT FACTORY KNOWLEDGE AND INNOVATION HUB

COMMUNITY CONSULTATION MEETING

**Wednesday 5
September**

6.30pm

Sydney's eastern suburbs have an engaged, creative community. The potential to restore The Boot Factory as a space for fostering creativity and knowledge-sharing also pays homage to the unique history of the site – originally as a site for producing footwear and later home to the Inventors Association of Australia.
