Clr Paula Masselos (ALP)

Phone **0419 292 207**

Email **paulam@waverley.nsw.gov.au**

We're turning the sun's power into energy!

We are making solar 'second nature' on 12 buildings. This includes five recent installations at Margaret Whitlam Recreation Centre, Tamarama Kiosk, Mill Hill Early Education Centre, Waverley Library and the new Marks Park amenities block.

The sun's power will be used to run all kinds of equipment, from our lighting to our laptops.

With a total capacity of 116kw these systems will bring Council's total solar portfolio to an amazing 353,000kwh/year of electricity generation. They will produce clean green electricity equivalent to powering 42 NSW homes and cut carbon emissions equivalent to taking 79 cars off the road.

For more information on energy projects, please Nikolaos Zervos our Sustainable Energy Coordinator at Nikolaos.zervos@waverley.nsw.gov.au or on 9083 8206.
