2. Introduction/Background

Section 404(5) of the Local Government Act 1993 requires that the General Manager ensure regular reports are provided to the Council on progress with respect to the principal activities detailed in its Delivery Program. Progress reports must be provided every six months.

Council's planning is based on our long term community strategic plan, which sets out the community's vision for Waverley. In June 2018, Council adopted its new Community Strategic Plan Waverley Community Strategic Plan 2018-2029. However this progress report is the last report that is linked to the previous iteration of the Community Strategic Plan Waverley Together 3. In accordance with the legislation, sitting under the Community Strategic Plan is a four year Delivery Program and a one year Operational Plan (see diagram below).

The Delivery Program is Council’s commitment, during its four year term of office, on what it is going to deliver to the community to assist them to achieve the directions set out in the Community Strategic Plan. The one year Operational Plan, which is a sub-plan of the Delivery Program sets out the activities (services and projects) being undertaken by Waverley Council in the financial year.

The approach to using the Operational Plan actions for reporting on the Delivery Program is in line with the Integrated Planning and Reporting Manual for Local Government in NSW (March 2013), which states (at page 119) that the ‘the Operational Plan is a sub set of the Delivery Program – not a separate entity so the Delivery Program and the Operational Plan need to be wholly complementary’.

4. Discussion

The last iteration of Waverley’s community strategic plan, Waverley Together 3, reflects the Waverley community’s long-term priorities and aspirations for the future. This report is based on Waverley Together 3 and is the last report linked to this plan. Delivery Program sets out a four-year plan to respond to and meet the community’s long-term vision as stated in the 12-year Community Strategic Plan. The annual Operational Plan is a sub-plan of the Delivery Program and sets out the activities to be undertaken in each year of the Delivery Program. The Delivery Program 2013-17 was rolled over to 2017-18 to align with the Council term which extended to five years with the delayed local government elections.

To meet legislative requirements, Waverley Council reports bi-annually against actions in its annual Operational Plan as a measure of progress towards achieving the four-year delivery program, and ultimately the community’s Vision. Below is a progress summary of Council’s overall performance as on 30 June 2018 in progressing towards the targets in the Operational Plan 2017-18.

Overall Performance

73 per cent of the overall activities in the Operational Plan were completed while 27 per cent were delayed

Sustainable Community

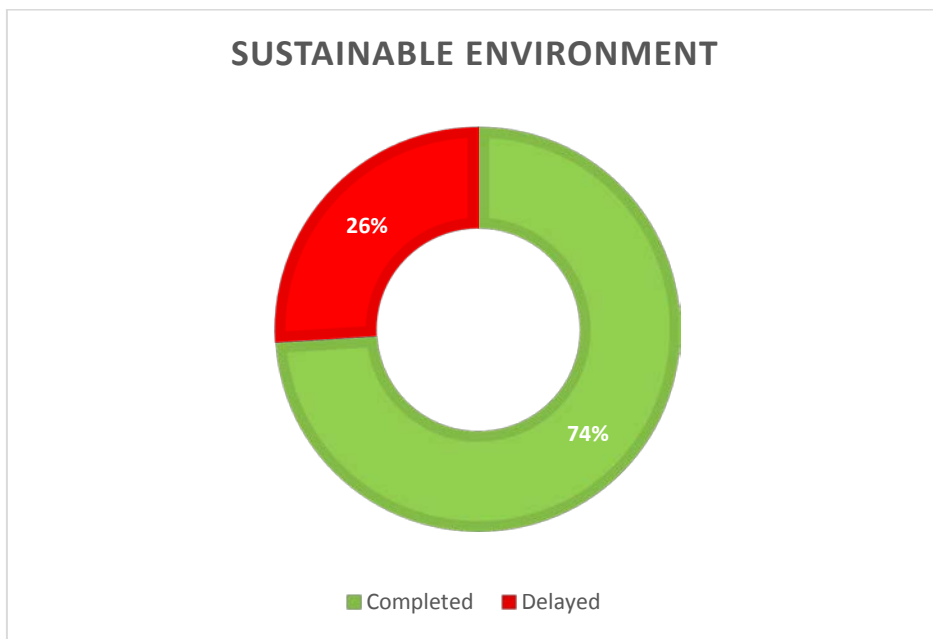

79 per cent of the overall activities in the sustainable community quadrant were completed while 21 per cent were completed.

Sustainable Living

73 per cent of the overall activities in the sustainable living quadrant were completed while 27 per cent were delayed.

Sustainable Governance

5. Financial impact statement/Timeframe/Consultation

The actions in the Operational Plan 2017-18 were included in the budget adopted when the Operational Plan was adopted by Council in June 2017. Funding to implement the Delivery Program over its term is based on the Long Term Financial Plan that supports the Delivery Program. The Progress Report on Delivery Program is based on information provided by Directors and Executive Managers across Council. The Progress Report on Delivery Program reflects the progressed status as on 30 June 2018.

6. Conclusion

The Progress Report on the Delivery Program provides progress against the deliverables detailed in the Operational Plan 2017-18.
