

# ***Banksia marginata***

## **Silver Banksia**

---

### **Description**

A locally native small tree with finely toothed foliage and silver underside. Pale to golden yellow flowers in summer/autumn

### **Size**

Small to medium sized native tree. Upright to broad-domed in shape but variable

Height: 4 to 16 metres

Width: 2 to 3 metres

Pruning: some early shaping and pruning required

### **Features**

- Hardy small tree with yellow/orange flowers
- To maintain genetic integrity of existing local specimens it is not to be planted in proximity to bushcare sites

### **Uses**

- Feature tree
- Great food source for native wildlife
- Street tree for drier conditions

### **Preferred conditions**

Prefers full sun in sandy well drained soils. Coastal tolerant

### **Availability**

Most nurseries specialising in natives. Randwick Community Nursery
