

MINUTES OF MEETING OF DOVER HEIGHTS PRECINCT ON 23/07/2018 AT 02 STUDIO,
157 MILITARY ROAD, DOVER HEIGHTS 8pm

Chairman: Dov Frazer
Secretary: Ron Nothman
DA Rep: Kerry Gottlieb

Present: Attendance list sent separately (30 People in attendance)

Apologies: Clrs Leon Goltsman, Will Nemesh, Steve Lewis

This extraordinary meeting of Council of the Dover Heights Precinct was called to discuss Sydney Water Outfalls in Vaucluse, Diamond Bay & Eastern Ave Reserve and how solutions to close the outfalls may affect residents of Dover Heights.

The following is a summary of the current situation:

1. Sydney Water is committed to closing the sewage outfalls in Eastern Ave Reserve, Diamond Bay and Christianson Park
2. Sydney Water has narrowed the possible options to 3 solutions
3. 1 of the 3 solutions requires a pumping station with a vent shaft in **Dudley Page Reserve on Portland Street** or alternatively in Rodney Reserve. A pipeline would be bored under Military Road to connect a new sewage pipe from the 3 outfalls to the Sewage Plant in North Bondi & multiple vent shafts might be required on Military Road (**vent shafts may emit foul smells**)
4. The Military Road option targeting Dover Heights has been rejected by the community in both 1998 and 2002
5. Dover Heights residents need to proactively show Sydney Water that we are united in opposition to the Military Road Solution

Following discussion the meeting endorsed the following two motions, for forwarding to Sydney water.

Motion 1

Dover Heights Precinct and the Rodney Reserve Subcommittee unanimously and unreservedly rejects creating a new direct route to divert the sewage outfalls to the Bondi Water Treatment Plant via a pumping station in Dudley Page Reserve or Rodney Reserve and a new pipeline under Dover Heights from the pumping station to the treatment plant - Sydney Water-Broad Option 3.

Motion 2

Dover Heights Precinct and the Rodney Reserve Subcommittee unanimously approves and supports diverting the sewage outfalls to the existing sewage sub mains on Old South Head Road via pumping stations in Eastern Avenue Reserve and Vaucluse Bay - Sydney Water-Broad Option 2.

Residents are encouraged to join the Facebook group
No Sewage Pipeline Under Military Road, Dover Heights
