

BONDI WARD
BONDI BEACH PRECINCT

Waverley Council Response Report to requests from August 2026 Bondi Beach Precinct meeting				
Meeting Date	Motion	Council Officer Response	Directorate	Status
August 2026	That Bondi Beach Precinct would like to understand what the funding received from Fuzzy concerts, will be used for and how it will benefit the community.	The amount of funding is commercial in confidence. It funds over \$50,000 in community grants (Our Local Fund – a new round of grants is about to open) as well as contributes to our significant investment in Arts and Culture at the Pavilion. Most events / performances are low cost or free and heavily subsidised. It also supports our Local Creative Collaborations program providing free / subsidised access to the Pavilion for local artists including financial support for artists.	Community, Culture and Customer Experience	Complete
	That Bondi Beach Precinct is concerned about the extended bump in and out time from Dec 20 th to Tues 5 th of January. The Precinct would like to know what time period has been allowed under the contract with Council? Can council negotiate with Fuzzy to reduce the time so not to be restricting the use of crown land during Bondi's busiest season.	The bump out and bump in is minimised as much as possible however safety of the public, staff and operators is paramount. Council works closely with Fuzzy to maintain as much public access is safely possible.	Community, Culture and Customer Experience	Complete
	Can council to request fuzzy to not use black plastic hoarding and replace with a renewable material that is more aesthetic or not have anything at all so the beach is visible to people walking by.	Fuzzy is working on different hoarding based on this feedback.	Community, Culture and Customer Experience	Complete
	Bondi Beach Precinct expresses concern that the new Overnight parking limit at the beach carpark will impact residents in Area 6 who use the carpark in the evenings due to lack of off street parking and push more parking back into the Area 6 streets.	The new overnight parking limit was approved through a Mayoral Minute and subsequent resolution of Council on 18 August 2026. DECISION That Council:	Assets and Operations	Complete

Waverley Council Response Report to requests from August 2026 Bondi Beach Precinct meeting

Meeting Date	Motion	Council Officer Response	Directorate	Status
		1. Notes overnight parking issues in the Bondi Beach Parking Area are often facilitated by the use of beach parking permits against their original intent. 2. Implements a 7 pm to 7 am 4-hour parking time limit for all vehicles in the existing Bondi Beach Parking Area that covers Queen Elizabeth Drive (QED) and Park Drive, Bondi Beach, as follows: (a) The parking restriction would be applicable to all vehicles, including those that hold a Beach Parking Permit. (b) The existing 4P 7 am to 7 pm meter registration restriction would continue to apply for those who do not hold a beach parking permit. (c) All other signed and location-specific parking regulations within the Bondi Beach Parking Area are retained. 3. Officers prepare a report to Council on the changes within six months detailing implications and any improvements. Minutes of this meeting can be viewed online at https://waverley.infocouncil.biz/ Officers are currently in the process of advancing the implementation of the new regulations, based on this direction.		
Next meeting: 30 November 2026
