

Share Bike Bay Locations – Trial 2021-22

To improve the placement of share bikes in public space and the general public's perception of the orderly use of the share bikes Waverley Council has installed a number of Share Bike Bays in 'high use areas' around Bondi Beach and Bondi Junction.

The current operators of the bikes have agreed to set up bikes in these locations and have also provided incentives to users of their bikes to park them in these designated locations.

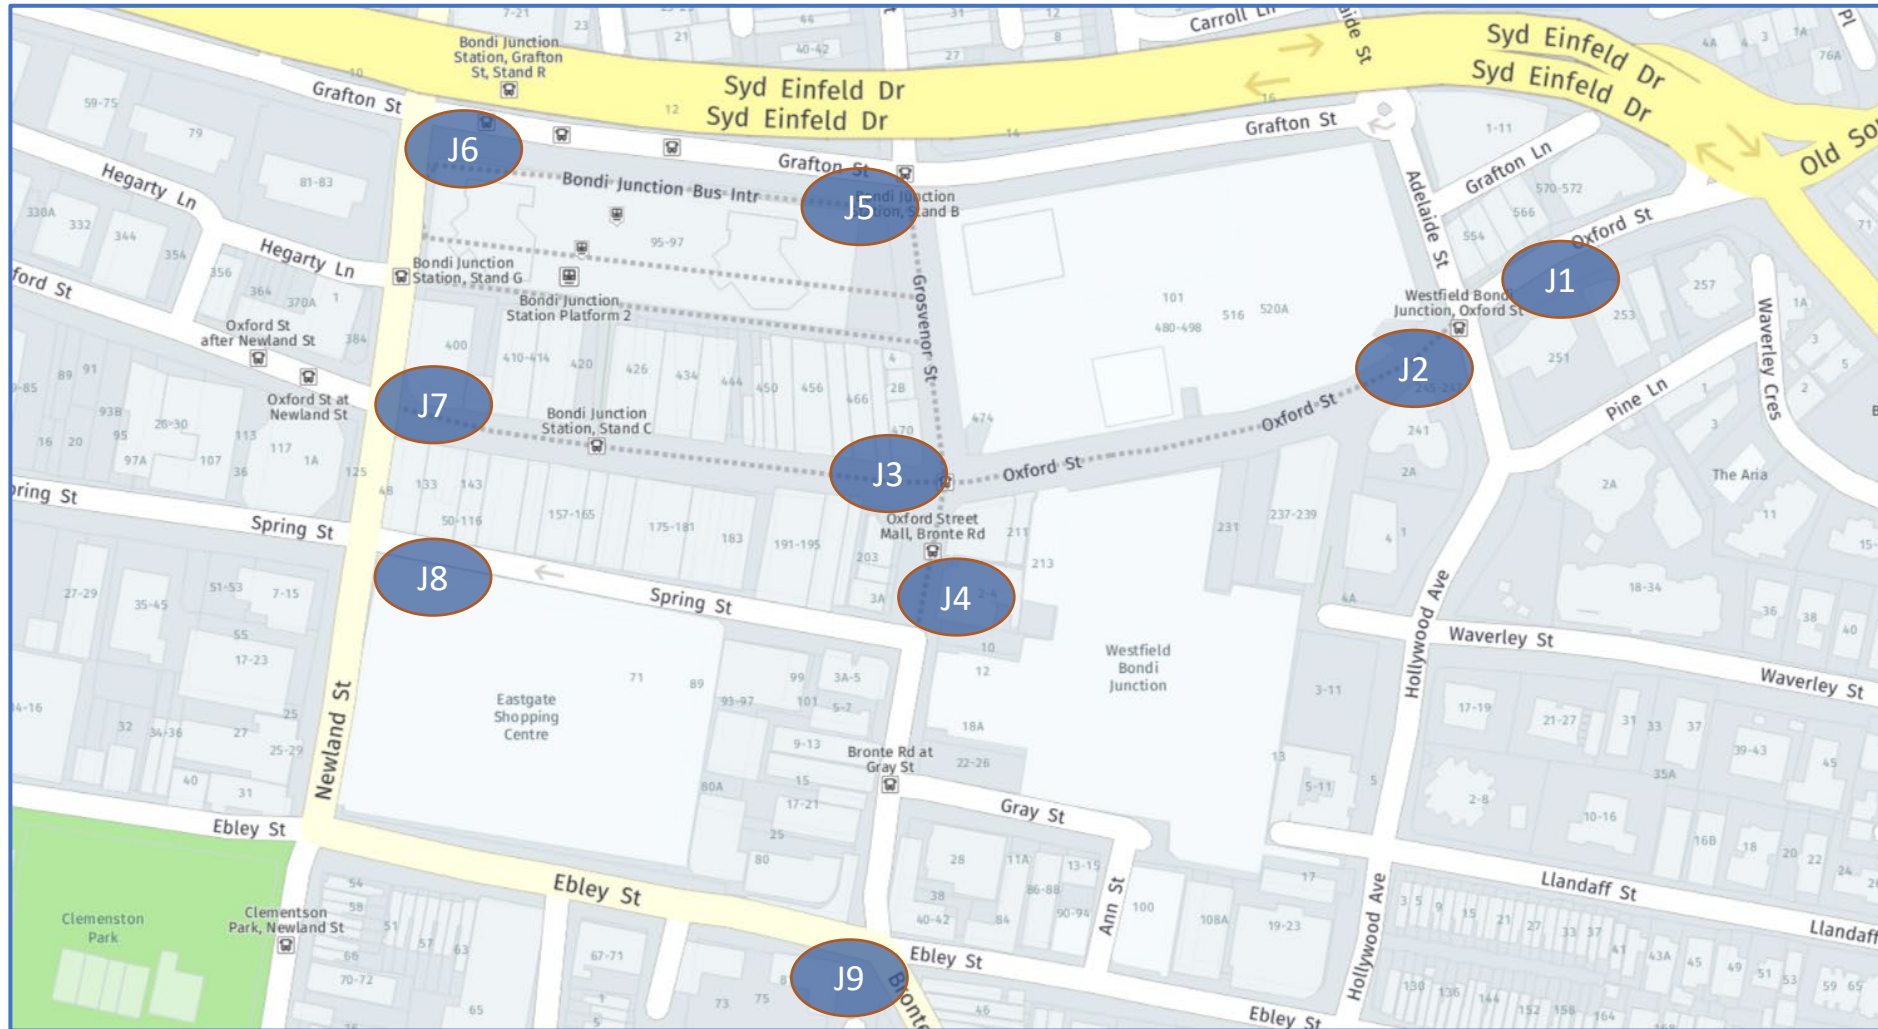

Away from these identified locations there are no designated spaces and users may park a share bike at the end of a trip wherever there is not obstruction caused consistent with NSW regulations.

However as shared bikes are regulated by the NSW Government there is no legal requirement for either the share bike operators or their users to use these locations.

Waverley Council considers that by identifying locations for set-up by operators and parking by users that improved user behaviour and community understanding is achieved.

January 2022

Bondi Junction - Share Bike Bay Locations

J1

Oxford St near Hollywood Ave - East

J2

Oxford St near Hollywood Ave - West

J3

Oxford St Mall - East
