## About Computer Pals

- We are here to help you make friends with your computer
- General Meetings will give you a chance to meet new people and discuss problems over a cup of tea
- We will teach you basic computer skills
- Most lessons are for one hour, once a week but there are some two hour sessions for those who wish to progress more quickly.
- Classes are kept small and friendly
- No exams or tests are held
- Venues are close to public transport
- Limited parking available
