“The Bondi Heights Precinct, thanks Council’s Parking Patrol Officers for recently addressing issues in King Street.”

“The Bondi Heights Precinct, acknowledges and thanks Councillors Fabiano and Kay for their ongoing commitment and assistance they provide to the precinct, demonstrated by their record of attendance and actions.”

GENERAL BUSINESS BY EMAIL TO THE CONVENOR:

CHAIRMAN’S NOTE

With apologies to the meeting attendees and to the writer, I neglected to read the following eMail during the meeting. I include it here for the record as having been received. I note that despite the eMail not being read, the meeting shared the sentiment expressed by the writer.

Resident eMail:

I just wanted to note that although the matter of the right turn out of Wellington St onto Bondi Rd has been put on hold for the time being, preventing this turn will heighten what is already a serious problem in Ocean Street North, with cars using the street as a rat run to Bondi Rd by turning left onto it from Martins Ave.

The street is already narrow, with vertical parking in parts and horizontal in others, and residents exiting driveways have little view of the street around parked cars. Cars using the rat run speed up after turning the corner and there have been many near misses with cars trying to exit driveways. There is also a lot of road rage when cars parking vertically mean rat running traffic has to wait for them.

There is also a danger for pedestrians - often older people or women with toddlers and prams - as cars rounding the corner from Martins Avenue & speeding up can't always see them. Again, there are frequent near misses.

In short, the left hand turn onto Ocean Street North from Martins Ave constitutes a complete hazard which has dramatically increased in the last year and should really be closed. Through traffic should use Wellington & Penkivil Streets which are wider and designed for this purpose.

FUTURE SCHEDULED MEETINGS IN 2023:

- Monday 5 June 2023
- Monday 31 July 2023
- Monday 9 October 2023
- Monday 4 December 2023

December TREE POLICY

Concern raised over Council's proposed changes to the tree policy. The draft changes impose new, extremely difficult conditions on residents if they want to prune any trees, by requiring the

pruning to be approved by Council if the tree is greater than 3m (currently 5m) in either height or canopy spread.

Local councils such as Woollahra and Randwick have controls roughly aligned to Waverley's existing WDCP 5m tree pruning thresholds so the proposed controls (if endorsed by Council) will mean that Waverley's residents will have to endure the most draconian controls of all councils in the local area.

At the 6 December Strategic Planning Meeting, the Tree Policy was adopted, with some amendments.

The approval to prune on private land stays at 3 meters.

DECISION

That Council:

1. Adopts the Tree Management Policy attached to the report (Attachment 1), subject to the following amendments:

(a) Page 47 of the agenda, clause 5.5.1, Pruning and Maintenance – Add the following paragraph at the end of the clause:

‘Council will consider tree pruning to retain a previously established view and there is a history of the identified tree(s) being pruned to restore pre-existing views.’

(b) Page 48 of the agenda – Add a new clause 5.6.4, Dead Trees, to read as follows:

‘Generally, where a tree has died, it will be removed and replaced with a tree of similar or suitable species.’

(c) Page 48 of the agenda, clause 5.7.2, Offset Planting – Amend to read as follows:

‘When permission is granted to remove a tree or trees on private land and there is insufficient

planting space on site to accommodate a mature tree(s) of similar dimensions, the applicant will be asked to contribute to offset tree planting on public land in accordance with the Pricing Policy, Fees and Charges. Refer to the Tree Management Guidelines, Section 5 “Trees on Private Land”, sub-section “Offset tree planting” for further details.’

2. Adopts the Tree Management Guidelines attached to the report (Attachment 2), subject to the following amendments:

Minutes of Strategic Planning and Development Committee Meeting 6 December 2022

This is page 10 of the Minutes of the Strategic Planning and Development Committee Meeting held on 6 December 2022

(a) Page 67 of the agenda, Exempt Vegetation – In the last paragraph, delete ‘DCP’ and add ‘Guideline’.

(b) Page 67 of the agenda, Exempt Vegetation – In the second dot point of the last paragraph, delete ‘5m’ and add ‘five (5) metres’.

(c) Page 67 of the agenda, Exempt Vegetation – In the last paragraph, amend the first dot point to read as follows:

‘Pruning of a hedge (refer to Definitions) by no more than 20 per cent of its height and width in any 12-month period.’

(d) Page 69 of the agenda, Offset Tree Planting – In the paragraph at the top of page, amend the second sentence to read as follows:

‘Generally, for every tree removed, the replacement of three (3) off-site trees will be required with pot size dependent on the canopy spread of the tree(s) to be removed as assessed by Council.’

(e) Page 69 of the agenda, Offset Tree Planting – In the paragraph at the top of the page, delete the last two sentences and add:

‘The applicant will be charged an offset planting fee that includes the purchase, supply, planting and a 12-month maintenance program for the tree(s) as per Council’s Pricing Policy, Fees and Charges.’

3. Publicly exhibits the following changes to the Pricing Policy, Fees and Charges for 28 days with officers preparing a report to Council following the exhibition period:

(b) Section 31, Trees – Add a new entry to read as follows:

‘Pensioner concession of 75% discount for Offset Tree Planting’.

(b) Section 31, Trees – Amend the ‘Offset Tree Planting’ entry to read as follows:

‘Offset Tree Planting Private Trees/Tree Permits, including purchase, supply, planting and a 12- month maintenance program’.

December “THAT, THE BONDI HEIGHTS PRECINCT REQUESTS WAVERLEY COUNCIL PUT IN PLACE CONDITIONS AND ACTIONS THAT WILL PREVENT LOUD NOISE AND MUSIC THAT COULD EMANATE FROM ANY FORMALLY APPROVED ACTIVITY AT THE MARGRET WHITLEM RECREATION CENTRE, ESPECIALLY THE COMMUNITY ROOM AND SURROUNDS WHICH ARE NOT FIT FOR PURPOSE AS A MUSIC VENUE.”

BACKGROUND: This motion seeks Council action to prevent the occurrence of events such as that which took place from 7:30pm and into the evening on Friday 18th November 2022, when live music including drums, brass instruments and chanting was disturbing the peace and quiet of residents in the Bondi Road, Park Parade and Flood Street general area.

Such activities are considered unacceptable by the Bondi Heights Precinct and should be prohibited. Community Liaison Coordinator forwarded query to Council’s Venue Manager.

The Venue Manager advised that the event was a wedding reception organised through a Not-for-Profit agency Dreams2Live4 who make dying people dreams come true. In this case it was wedding. The wedding ended by 9.30pm.

In future, noise complaints can be managed through Council during business hours or by calling the Police on 131 444. Community, Culture & Customer Experience

December REQUEST TO THE MEMBER FOR COOGEE, Dr MARJORIE O’NEILL [202212R1]
PEDESTRIAN BARRIER FENCE –

“COULD THE MEMBER FOR COOGEE, Dr MARJORIE O’NEILL PLEASE SEEK AN EXPLANATION FROM THE MINISTER, AS TO WHAT WAS THE PURPOSE FOR THE INSTALLATION OF THE FENCE ON THE MEDIAN STRIP IN COUNCIL STREET AT THE INTERSECTION OF BONDI ROAD?”

Councillors advised that Council Street is a state road and as such this question should be directed to the Member for Coogee:

“I should like the Council to explain the reason for installing a fence in Council Street? I have lived here for 13 years and there has never been a road incident in that area. It seems to me that the Council [State Government] is wasting money on unnecessary items while neglecting the attention that they should be giving to the deplorable state of the roads.

Mark Taylor responded to the query advising that “a pedestrian fatality was reported at this location in 2013.

In order to improve safety and encourage pedestrians to cross Council Street at the signalised pedestrian crossing on Bondi Road, Transport for NSW extended the central

median island on Council Street by four metres, installed a new pedestrian fence on the median island and extended the nature strip on the footpath on both sides of Council Street.

Transport for NSW will continue to monitor this location to ensure it is operating as safely and efficiently as possible for all road users.”

December REQUEST TO COUNCIL [202212R2] WAVERLEY PARK DOG CONTROLS ENFORCEMENT–

“COULD COUNCIL RANGERS PLEASE ENFORCE THE LEASHED AREA OF WAVERLEY PARK.”

Resident reports her dog was attacked while on lead by an off-leash dog as she was walking through the park.

Community Liaison Coordinator forwarded this matter to Council Rangers. Council Rangers will be increasing Patrol in this area, and Council’s Communication team will be promoting responsible dog ownership through their communication channels.

December QUESTION TO COUNCIL [202212Q2] PARKING ENFORCEMENT IN PAUL STREET – “COULD COUNCIL PLEASE ADVISE THE PRECINCT OF WHAT PARKING ENFORCEMENT MEASURES ARE TAKING PLACE IN PAUL STREET SOUTH OF BONDI ROAD?”

Resident believes current measures are ineffective.

Council’s Manager of Parking Patrol advised that there are new parking restrictions on the western side of Paul St from Bondi Road to the dead end and Dalley St (installed in September / October 2022 – enforcement started in November 2022)

Since this area became “live” it is patrolled daily, however Council has noticed that the signs are being vandalised on a regular basis.

Unfortunately, once this occurs, Council is not able to enforce until the signs are cleaned or replaced.

If members of the precinct see someone vandalising the signs, please call Council or the Police immediately.

December QUESTION TO COUNCIL [202212Q3] ANIMAL BAITING IN OCEAN STREET NEAR BONDI ROAD –

“COULD COUNCIL PLEASE ADVISE THE PRECINCT OF THE STATUS OF ANY INVESTIGATION THAT MAY BE TAKING PLACE OVER REPORTED ANIMAL BAITING IN OCEAN STREET BETWEEN BONDI ROAD AND OCEAN LANE?”

This matter has been forwarded to Council’s Rangers. Awaiting a response. In progress

GENERAL BUSINESS

Resident eMail:

Please get rid of that awful idol in the Anglesea Community garden - on the seat put there for old people like myself. This garden was set up through the efforts of [NAMES REDACTED BY CONVENOR FOR PRIVACY]. Now idolators are burning burnt offerings to this idol in what is supposed to be a garden that everyone can use - but now we cannot go near the thing as long as the idol is there polluting it for everyone else. [NAME REDACTED BY CONVENOR FOR PRIVACY] is very upset about it. The idol appears to have arrived around June. If people want such idols, they should have them in the privacy of their own homes.

REQUEST TO COUNCIL [202212R3] ANGLESEA STREET COMMUNITY GARDEN IDOL – “OFFICER RESPONSE REQUESTED.”

Council's Local Connections, Community Programs Team confirmed that the Anglesea Street Community Garden is part of Council's shared garden network, but the garden is not on Council's owned land and is therefore considered a private garden which Council has no authority over.

The land is owned by the Department of Housing.

Volunteers and residents run and maintain the garden. This includes local residents, seniors from Lifestyle Manor, and teachers and children from the Jewish Education Matters preschool.

One of the gardeners added the Buddha statue, which had been discarded in the street, as a decoration some time ago.

The Community Garden Coordinator George visits the garden daily and has never seen any burnt offerings or religious activity.

They will continue to monitor this to ensure the area stays as a peaceful community space.

Resident eMail:

Is it possible you could raise my concerns and disappointment to Waverley Council that they could not communicate directly with the Residents of Bon Accord Avenue over the Jewish High Holy days and the closure of Bon Accord Avenue over 4 separate days. Yes, we were contacted by the Synagogue with all the details but surely Waverley are the one ultimately responsible for this. Very disappointing!!

REQUEST TO COUNCIL [202212R4] BON ACCORD AVENUE ROAD CLOSURE NOTIFICATION PROCESS. –

“OFFICER RESPONSE REQUESTED.”

Council's traffic team have advised that as per Council's agreement, the applicant / event organiser is required to contact residents to notify them of dates, times and contact details for any enquiries.

Waverley Council Response Report to requests from the February 2023 Bondi Heights Precinct meeting

6 February 2023 No motions at this meeting.

6 February 2023 REQUEST TO COUNCIL [202302R1] TfNSW PROPOSAL FOR LEFT IN LEFT OUT AT WELLINGTON STREET & BONDI ROAD INTERSECTION –

As noted in Council's response to the precinct (BHP ref# 202206M4, Page 3 of Report), Could Council please provide an update on actions that were to be taken as noted in the Council resolution of 21 June 2022?

The actions required by the resolution have been undertaken and Council officers made the relevant representations on the matter to the State Government. TfNSW agreed to not proceed with the original design and have subsequently looked at an alternative that only bans the right turn into Wellington Street from Bondi Road. The revised proposal doesn't ban the right turn out of Wellington Street onto Bondi Road. TfNSW committed to delivering this work in 2022 but has not undertaken any works to date. Council has recently received notification that the project is on hold. If the project is to be revisited by TfNSW, Council officers will report this to the Precinct Committee promptly.

A map depicting the changes:

6 February 2023 REQUEST TO COUNCIL [202302R2] WAVERLEY PARK NOISE FURTHER CONSIDERATION–

The Convenor requests that in light of the unsatisfactory response by Council’s Venue Manager as noted in Councils Response Report, that the Community Liaison Officer bring the precinct’s concerns (BHP ref: 202212M2) to the attention of the Mayor and General Manager for further consideration and response to the Bondi Heights Precinct. CLC, Director of Community, Culture and Customer Experience and Director of Planning, Sustainability and Compliance have sent this matter to the General Manager and Mayor.

They are investigating this matter further and will provide you with a response as soon as possible.

6 February 2023 ANGLESEA STREET COMMUNITY GARDEN IDOL –

On advice from Council as noted in the Response Report, the Precinct Committee is to write to the Department of Housing on the concerns raised in BHP ref 202212R3. The Secretary of the Bondi Heights Precinct will source a photograph which is to be included in the precinct committee’s communication with the Department of Housing.

With Precinct to raise with Department of Housing.

6 February 2023 REQUEST TO COUNCIL [202302R3] FOOTPATH PROXIMITY OF OSHR & FLOOD STREET INTERSECTION –

Elderly residents are finding it difficult to use the footpath due to poor condition and bitumen patchwork. Request Council please inspect and carry out repairs as required.

Request raised via Merit - Request ID is 2314616.

An inspection is scheduled for the coming weeks.

6 February 2023 REQUEST TO COUNCIL [202302R4] TRAFFIC SIGNAL TIMING AT OSHR & FLOOD STREET INTERSECTION –

Elderly residents are finding it difficult to use the signalised crossing under the current timing arrangements. Request Council please take appropriate action to have the signal timing reviewed by TfNSW.

Email sent to Transport for NSW who manage the timing. Request also raised via Council's Merit System - Request ID is 2314617.

6 February 2023 REQUEST TO COUNCIL [202302R5] INCREASING INCIDENCE OF WRONG WAY TRAFFIC IN ONE WAY SECTION OF ANGLESEA STREET –

Residents report this concern. Request the matter be brought to the attention of the Waverley Traffic Committee for consideration of potential measures that may address the issue.

A work instruction has been issued to improve the signage at the intersection of Anglesea and Watkins. The signage has been completed as per the below.

6 February 2023 REQUEST TO COUNCIL [202302R6] INCREASING INCIDENCE OF MOTOR BIKE NOISE IN OCEAN STREET NORTH–

Residents report this concern. Request the matter be brought to the attention of the Waverley Traffic Committee for consideration of potential measures that may address the issue.

This is not a matter for the Traffic Committee.

You can contact the Council during business hours or contact the Police after hours and report noisy exhaust issues to the Environment Protection Authority (EPA).

For a noisy exhaust report to be complete, you will need to provide the following information:

- Your name and phone number (these details will not be passed on to the owner of the vehicle)
- The registration plate of the noisy vehicle (for vehicles registered in NSW, ACT, Queensland, South Australia and Victoria)
- A description of the vehicle - make, model, colour and type
- The street and suburb where the noisy vehicle was observed
- The date and time the vehicle was observed.

Reports must be submitted within 14 days of observing a noisy vehicle. The EPA can only take action on reports of noisy vehicles where the source of the noise is the vehicle exhaust. For more information about reporting other types of noisy vehicles, call the EPA's Environment Line on 131 555.
