Bondi Park, Beach and Pavilion: Stage 1A Landscape and Civil Works

Improvements to Bondi Park will continue to deliver new features and refurbish existing elements.

**What works are being done?**
- Installing feature lighting to the newly constructed entry;
- Installing an irrigation system connected to a recycled water source;
- Planting advanced mature native trees;
- Laying new turf to the entire park;
- And installing new furniture, including picnic settings and bespoke seats.

**How will works affect the park?**
Works have been programmed to maximise public access and to allow for scheduled events in the park.
- Area 1: Planned completion mid-late February.
- Areas 2, 3, and 4: To commence after Australia Day with a planned completion of early March.
- All new paths are proposed to remain open to the public throughout the works.

**Thank you for your patience and understanding while we work to reinvigorate this iconic public space.**
