

Request for bin allocation assessment

OFFICE USE

Merit No:

Date Received

This assessment process is available to apartment buildings in Waverley Council to ensure the correct bin capacity is provided for waste and recycling storage and to provide fair and equitable services to the Waverley community.

Assessment of maximum bin allocation is based on the current waste generation rates described in the [Waverley Council Development Control Plan 2012 General Provisions B](#). To calculate your maximum bin entitlement, please use council's [Waste Calculator](#). Older buildings may not have the space to store the maximum allocation. In this case, an appropriate bin allocation will be provided.

Each application is assessed on a case by case basis. Additional Domestic Waste Charges may apply as per Waverley Council's [Schedule of Fees and Charges](#).

Section 1: Applicant Details

Title	Given name/s	Family name
<input type="text"/>	<input type="text"/>	<input type="text"/>
Position at property (i.e. property manager or owner)		
<input type="text"/>		
How would you like council to contact you about your application?	Email	Phone
	<input type="text"/>	<input type="text"/>

Request for bin allocation assessment

Section 4: Number and Size of Units

Please provide the correct number of units in your building and associated number of bedrooms.

1 Bedroom/ Studio	<input type="checkbox"/>	2 Bedrooms	<input type="checkbox"/>	3 Bedrooms	<input type="checkbox"/>	More than 3 Bedrooms	<input type="checkbox"/>
----------------------	--------------------------	------------	--------------------------	------------	--------------------------	-------------------------	--------------------------

Section 5: Storage and presentation of bins

1. What is the size of your bin storage area?

Provide the length and width of the storage space in meters.

Note that any additional bins received must be stored within the assigned bin storage area of the property.

Length (m)

Width (m)

2. Is there enough space outside your property to present the bins for collection without encroaching onto neighbouring properties (for street collection only)?

NO YES

Section 6: Waste Management Plan

Is there a Waste Management Plan for the property?

A Waste Management Plan provides the details of ongoing waste management at the property including waste storage, location for collection, contractor information, responsibilities for cleaning waste receptacles and storage areas, amongst other information.

NO YES

Section 7: Declaration

I declare that the information I have provided regarding the number of bins present at the property and the waste and recycling bin storage space is accurate and true.
