About this plan

This is the Disability Inclusion Action Plan for Waverley Council.

We will say **plan** for short.

The plan says what we will do for people with disability in the next 4 years.

We want to make sure people with disability get the same **rights** as everyone.

Rights are things that belong to everyone.

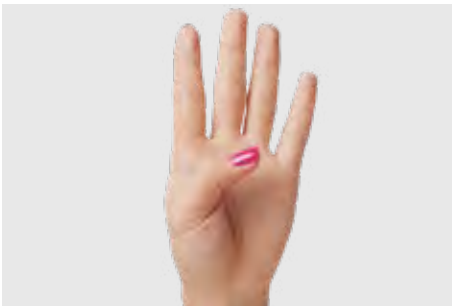

We want our **community** to be an easy place to live for everyone.

Community means the place where you and other people live.

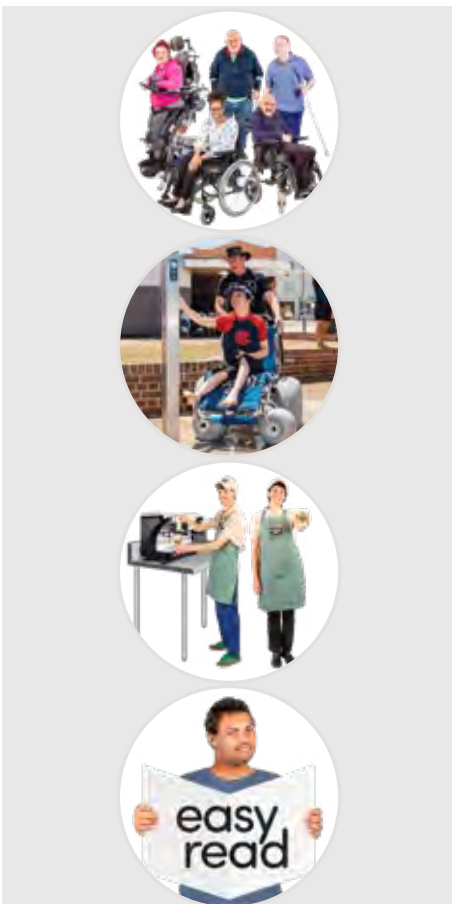

4 big things that can be better

We will teach our Council staff how to support people with disability.

We will help businesses learn how to make good jobs for people with disability.

We will make more jobs at the Council for people with disability.
