Feedback from individuals

During the public exhibition of the draft report, there were 279 responses submitted by individuals (273 completed online surveys and 6 emails). The following summarises the responses to the online survey questionnaire for individuals.

Signature Projects

Respondents were asked the following question: ‘There are twelve Signature Projects recommended in the report. Please identify which projects you think Council should pursue as the top three priorities.’

There were 704 responses in total. The highest ranking priority project was ‘Cycling superhighways’ at 23% (162 responses). The next highest ranked priorities were ‘Bondi Junction transport interchange’ (13%, 92 responses) and ‘Bicycle share with e-bikes (13%, 88 responses).

Total: 704 responses to draft Waverley’s People, Movement and Places online survey question 9
Would you consider using the car less if there were better transport options in your area?

Nine out of ten respondents said they would (or might) consider using the car less if there were better transport options in Waverley LGA.

![Pie chart showing responses to the question about reducing car use.]

Total: 265 responses to draft Waverley’s People, Movement and Places online survey question 8

Do you walk or ride a bicycle for recreation or transport? (select one)

96% of respondents said they walk or ride a bicycle – for transport, recreation and exercise.

**Reasons to walk or ride a bicycle**

- **56** 🩺🚶‍♂️🚶‍♀️ Only for recreation and exercise
- **26** 🩺🚶‍♂️ Only for transport
- **175** 🩺🚶‍♂️🚶‍♀️ For both recreation and transport
- **12** 🩺🚶‍♂️🚶‍♀️ I don’t walk or ride much

Total: 269 responses to draft Waverley’s People, Movement and Places online survey question 3
What would help you to walk or ride a bicycle more often? (select one or more items)

When what direct interventions would help them to walk or ride a bicycle more often, 21% of respondents (208) said dedicated safe cycleways were the most important. The second most important intervention was ‘more direct routes to walk or cycle’ (14%) followed by ‘vehicles driving slower or more carefully’ (13%).

How often do you use public transport? (select one)

The survey found high usage of public transport in Waverley LGA, with more than half of all respondents saying they use public transport at least 3 days a week. A total of 77% said they use public transport at least once a month.
What would help you to use public transport more often? (select one or more items)

Respondents cited ‘more frequent services’ and ‘faster and more reliable services’ as the biggest factors that would help them use public transport more often. Less crowding and services that run later at night were also high on the list.

![Graph showing the percentages of respondents who cited various factors]

**Total: 466 responses to draft Waverley’s People, Movement and Places online survey question 6**

Have you ever used a car share (e.g. GoGet, Car Next Door) or bike share? (select one)

Note that this survey was conducted prior to the introduction of dockless bike share (which debuted in Sydney in August 2017). There were also a large number of written submissions emphasising the importance of car share.

Eight out of ten people said they’ve used car share or bike share, or would be interested in using a share system in future.

**Total: 273 responses to draft Waverley’s People, Movement and Places online survey question 7**
Where do you live or work?

People could respond to the survey whether they lived, worked or regularly visited Waverley LGA. Most survey responses were from people residing in the local area. More than 35% lived in postcode 2026 around Bondi Beach. A further 16% lived in postcode 2022, and 9% in postcode 2031.

Total: 266 responses to draft Waverley’s People, Movement and Places online survey question 1: What is your residential postcode?

Nearly forty per cent of survey respondents worked in the Sydney CBD (postcode 2000). A further 10% said they work in Bondi Junction (postcode 2026), and 8% in postcode 2022.

Total: 240 responses to draft Waverley’s People, Movement and Places online survey question 2: What is the postcode of your workplace?
Written responses

The last section of the online survey asked ‘How else can we improve transport and access in your area?’ (max 1000 characters).

Of the detailed written responses:

- 15% mentioned walking
- 27% mentioned cycling
- 25% mentioned public transport
- 10% mentioned car share
- 6% mentioned car parking
- 8% mentioned road or cars
- 5% mentioned schools
- 4% mentioned other topics.

The top items requested in the written component of the on-line survey were safe separated cycleways (14% of all written responses, totalling 48 respondents) and more car share pods (9%, totalling 30 respondents).
