MATTERS ARISING:

PRECINCT FLYER DELIVERY:

Non delivery of the flyer was reported for residences in Bondi Road, Kenilworth Street, King Street, Watson Street. The precinct suggests officers should investigate this matter.

ADOPTION OF PREVIOUS MEETING MINUTES:

The minutes of the previous meeting was tabled, and copies were made available to meeting attendees.

MOTION [202504M1] ADOPTION OF PREVIOUS MEETING MINUTES – THAT, THE TABLED DOCUMENT BEING THE MINUTES OF THE BONDI HEIGHTS PRECINCT MEETING HELD ON 2nd FEBRUARY 2025, IS ADOPTED AS BEING A TRUE RECORD OF THAT MEETING.

Mover Julia Lewthwaite. Second, Gwen Zeller.

Decision; Carried unanimously.

WAVERLEY COUNCIL REPORT:

The Council Report was read and tabled. The Response Report to matters raised at the February 2025 Bondi Heights Precinct meeting is attached to this document as Attachment One.

BH-PRECINCT IN RESPONSE TO COUNCIL'S RESPONSE REPORT:

Re [252502M2] SEEKING A REVIEW OF OFF LEASH AREAS AT WAVERLEY PARK: The response does not consider the issue of residential proximity to Waverley Park and the distance dog owners need to travel to get to off leash areas. – Cr Fabiano has undertaken to raise the issue as a Notice of Motion for an upcoming Council Meeting.

Re [202502R1] WAVERLEY COUNCIL CHAMBERS ASBESTOS REPORT: The Bondi Heights Precinct expresses disappointment that Council has used the Boot Factory for administrative purposes and deprived the community of a much-needed facility. The Bondi Heights Precinct repeats the request for the asbestos report be provided to Bondi Heights Precinct:

REQUEST TO COUNCIL [202504R1] WAVERLEY COUNCIL CHAMBERS ASBESTOS ASSESSMENT REPORT – THE BONDI HEIGHTS PRECINCT REQUESTS A COPY OF THE MOST RECENT PROFESSIONAL ASSESSMENT REPORT REGARDING ASBESTOS AT THE OLD WAVERLEY COUNCIL CHAMBERS BUILDING BE PROVIDED.

ELECTION OF OFFICE BEARERS:

Bill Mouroukas and Lynda Hall announced they would not be available to continue as office bearers on the precinct executive past this meeting. Bill Mouroukas was appointed as returning officer for the election of office bearers through mutual consensus of the meeting attendees. Nominations for all positions was called however no one accepted nominations. All positions on the Bondi Heights Precinct are currently vacant.

Subject: Traffic Management and Pedestrian Works –

The purpose of this report is to notify the Waverley Traffic Committee and the public of items that have recently been carried out under Council's Temporary Sub-Delegations. A total of 31 items were approved through the temporary sub-delegation from August to December of 2024, including 18

construction zones, 6 mobility parking space changes, and 7 other items related to minor parking and kerbside regulatory changes.

Noted BH-P items are:

- 79 Anglesea Street, Bondi Junction – Construction zone
- 24 Watkins St – Construction zone
- GoGet has requested new dedicated car share spaces in areas of high demand and have undertaken consultation.

After further Council review and analysis, three spaces are proposed for installation. These include:

- East side of Penkivil Street south of the intersection with Old South Head Road, Bondi.

- West side of Wellington Street, adjacent to Dickson Reserve, Bondi – this replaces an existing GoGet float car, meaning the overall parking supply on the street does not change
 - 10 Bon Accord Avenue, Bondi Junction – Construction zone
 - 6/23a Bennett Street, Bondi – Mobility parking space.
- No further matters were discussed.

DEVELOPMENT APPLICATIONS:

Lynda Hall reported there were no new issues of significance to report from notices that had been received up to the 10th April 2025.

GENERAL BUSINESS:

REQUEST TO COUNCIL [202504R2] REMOVAL AND INVESTIGATION OF UNLAWFUL POLITICAL PROMOTION MARKINGS ON FOOTPATH – OUR FOOTPATHS ARE BEING MARKED WITH POLITICAL PROMOTION FOR ALEGRA SPENDER. THE BONDI HEIGHTS PRECINCT OBJECTS TO UNLAWFUL POLITICAL ACTIVITY AND PUBLIC PROPERTY BEING USED FOR SUCH PURPOSES. COULD COUNCIL TAKE ALL APPROPRIATE ACTIONS TO REMOVE THE OFFENDING MARKINGS AND REPORT THE ACTIVITY TO THE AUSTRALIAN ELECTORAL COMMISSION.

SCHEDULE OF FUTURE MEETINGS:

Thursday 5 June
Thursday 16 October
Thursday 11 December

MEETING CLOSED:

The meeting formally closed at 8.15pm

February 2025	MOTION [202502M1] ADOPTION OF PREVIOUS MEETING MINUTES – THAT, THE TABLED DOCUMENT BEING THE MINUTES OF THE BONDI HEIGHTS PRECINCT MEETING HELD ON 21st NOVEMBER 2024, IS ADOPTED AS BEING A TRUE RECORD OF THAT MEETING.	Noted.	Precinct	Complete
	MOTION [202502M2] SEEKING A REVIEW OF OFF LEASH AREAS AT WAVERLEY PARK – THAT, BONDI HEIGHTS PRECINCT REQUESTS WAVERLEY COUNCIL CONSIDER A REVIEW OF THE OFF-LEASH AREAS AT WAVERLEY PARK WITH THE VIEW THAT AREAS BE EXPANDED AND TIME ZONED AREAS BE INTRODUCED.	<p>Council recently adopted the Waverley Park Plan of Management in November 2023. This was widely consulted and considered all users of the Waverley Park including dog owners.</p> <p>On this basis noting that off leash activities are incompatible with other users of the park and the dog off leash area is not proposed to be expanded at this park.</p> <p>Council is continuing to negotiate with Sydney Water seeking options to improve drainage and turf conditions over the reservoir space that will not impact the dam structure or impact drinking water supply to improve this space for dog owners.</p> <p>Council remains committed to supporting dog owners and has recently declared two additional dog off-leash areas at Barracluff Park (timed) and Tamarama Park upper gully.</p> <p>The LGA now has eleven parks that support dog off leash activities with an even distribution of parks across the Waverley area.</p>	Assets & Operations	Complete

	THAT, WAVERLEY COUNCIL PLEASE CONSIDER BRINGING BACK THE RETURN AND EARN COLLECTION POINT AT BONDI BEACH.	<p>following the 7 May 2019 SPD Committee resolution. The decision followed a report that outlined significant impacts of the large RVM at this location including anti-social behaviour, traffic safety, litter and noise. Since the removal of the RVM at Bondi Beach, Tomra has installed alternative collection points in Bondi Junction and Diamond Bay.</p> <p>Tomra is the Return & Earn deposit scheme operator on behalf of NSW Government and is responsible for securing collection locations. Queries related to Return and Earn can be directed to https://returnandearn.org.au/</p> <p>Furthermore, a permanent waste collection facility is not consistent with or ancillary to supporting the gazetted purpose of the Bondi Park Reserve which is set aside for "public recreation".</p> <p>There is no express authorisation in the Bondi Park Plan of Management to enable a lease and licence for a waste collection facility operator to set up in the park. See Section 9.8 Lease, Licence and Other Estate Authorisation page 119.</p> <p>The former space where the facility was located is now allocated to two accessible car parking spaces in accordance with the Pavilion development application and cannot be removed. In addition a waste collection facility will have a detrimental impact on the National and State heritage listed significance of the park and would not be supported through the Conservation Management Plan for the site.</p>		
	MOTION [202502M4] SHADE CLOTH AT WAVERLEY PARK PLAYGROUND – THAT, WAVERLEY COUNCIL PLEASE CONSIDER INSTALLING SHADE CLOTH AT THE WAVERLEY PARK PLAYGROUND	Council reviewed the opportunities for additional shade at Waverley Park. Unfortunately, we had some site constraints including the vista up to the state Heritage list Waverley Reservoir, where we could not plant trees or erect shade structures in front of this view or on the adjoining embankments. The rocket and tower are also difficult to place places	Assets & Operations	Complete

		<p>shade sails over because of their height, and their impact to the Reservoir.</p> <p>Where we could, we've taken advantage of existing natural shade from mature trees with the toddler's play area and active swings and spinners are located next to mature fig trees, the nature / balance play on the south located under the eucalyptus. The embankment slide once completed will sit under the shade of the figs, so too will the older children's adventure play area. We've also planted two additional deciduous trees to provide summer shade and winter solar access.</p> <p>With the amount of natural shade, solar access is a key consideration. The park has been designed to provide a balance of areas in full shade and full sun which will cater for the changes in season particularly in winter when full sun is desirable.</p> <p>Please note, Council considers the following criteria when reviewing the inclusion of shade sails at a playground on a case-by-case basis:</p> <ul style="list-style-type: none"> • Complying with relevant legislation, standards and corporate documentation, (including positioning and maintaining equal access to facilities). • Made from robust materials that are vandal and corrosion resistant (particularly in coastal areas typical lifespan 15 years). • Maximise the shade coverage utilising materials with maximum Ultraviolet Radiation (UVR) protection factor ratings. • Appropriately oriented, based on a shade diagram, to provide a minimum of 50% shade cover over the equipment between 9.00am and 3.00pm (EST) in summer. • Consider the need to provide a minimum of 50% solar access into facilities in winter.

	QUESTION TO COUNCIL [202502Q1] ENTRANCE RAMP REQUIREMENT AT 149 BONDI ROAD – WAS A DA REQUIRED TO ESTABLISH THE NEW FISH SHOP AND IF SO, WAS A RAMP REQUIRED TO BE INSTALLED AND IF NOT, COULD THE PRECINCT COMMITTEE RECEIVE AN EXPLANATION AS TO WHY A RAMP WAS NOT REQUIRED?	A development application was not required for the site at 149 Bondi Road, Bondi as it was approved as a food premises originally on 24 October 1991 (DA-196/1991). Changing from a Grill Chicken shop to a Fish shop does not require development consent.	Planning, Sustainability and Compliance	Complete
	Re [202411Q2] Improved signage at Waverley Park Playground.	In regard to the improved signage at Waverley Park, Council is still in the process of constructing the playground with further works to commence in late March / early April to install the embankment slide and nature rope play area. The signage installed is temporary only with new signage coming to be installed at each playground entrance when contractors are back at site. The new signage will be in accordance with Council's Public Domain Technical Manual – Section J Signage . Council has adopted a standardised suite of signage that is being installed across all parks in Waverley that meet the requirements of relevant Australian Standards, ISO iconography and legibility. Council is aware of the constant breach of prohibition rules, particularly in relation to dogs across all of Council's parks and reserves. In part this is because of a relaxation of rule enforcement during the Covid pandemic when people's movement's where restricted combined with an influx of new dog ownership. More and bigger signage does little to deter poor user behaviour as people are ignoring signs. However, the signage does enable Rangers to enforce the rules and is a requirement of the Local Government Act to enable fines to be issued and prevent fines being contested in court. 	REQUEST TO COUNCIL [202502R1] WAVERLEY COUNCIL CHAMBERS ASBESTOS ASSESSMENT REPORT – THE BONDI HEIGHTS PRECINCT REQUESTS A COPY OF THE MOST RECENT PROFESSIONAL ASSESSMENT REPORT REGARDING ASBESTOS AT THE OLD WAVERLEY COUNCIL CHAMBERS BUILDING BE PROVIDED TO THE PRECINCT EXECUTIVE COMMITTEE.	Councillors were advised - With regards to the temporary use of Chambers for the Men's Shed this is unfortunately not possible. The zoning of the Chambers site is SP2 - Public Administration. Public administration relates to managing and delivering public services and infrastructure and any use not ancillary to this is not permitted. Therefore, the use of the building to accommodate a program such as Men's Shed is not possible without a significant planning process. Note if this was pursued it would trigger building upgrades for compliance etc. In regard to asbestos at Chambers - The air conditioning / heating system in the Chambers building contains asbestos (which would have been standard when it was installed). This has been fully documented, and we have an asbestos management plan in place to ensure safety of staff and contractors when doing any work on the system or in the areas it is present. Please note, this is standard protocol for buildings where stable asbestos is in place. Any potential upgrade to the building would include replace of the air conditioning / heating system which is at the end of its useful life. This would include safe removal of the asbestos. Inform the community that consultation on the future of the site is scheduled to take place in mid-2025, with consideration of short-term use while the plan is being formulated. Inform all Precincts of this motion and publishes it on Council's website <p>This slip lane has now been reopened for public use with the existing parking restrictions. As the future of Council Chambers is yet to be determined. Council staff have noted the Precincts request and will take it into consideration once the future of the Chambers site is agreed.</p>		
	QUESTION TO COUNCIL [202502Q2] PAUL STREET SOUTH OF BONDI ROAD UNRESTRICTED PARKING – WOULD COUNCIL CONSIDER REMOVING ALL PARKING TIME RESTRICTIONS IN PAUL STREET, SOUTH OF BONDI ROAD IF FORMALLY REQUESTED BY MOTION AT A FUTURE BONDI HEIGHTS PRECINCT MEETING?	<p>At this stage, Council has no intention to remove timed parking restrictions in this area due to Paul Street's proximity to Waverley Park and facilities, which are widely used by the community.</p> <p>Could the Precinct advise why they feel Paul Street should not be timed?</p>	Assets and Operations	Complete
	QUESTION TO COUNCIL [202502Q3] RENTAL E-BIKE PARKING IS OUT OF CONTROL – WHAT ACTION CAN COUNCIL TAKE TO ADDRESS THE OUT-OF-CONTROL PARKING OF RENTAL E-BIKES ON OUR FOOTPATHS?	<p>Council is actively working with Share Bike operators, neighbouring Councils and TfNSW on this matter.</p> <p>Three E-Bike parking hubs / pavement markings were installed in Bondi Junction late last year.</p> <p>Council is continuing to look for more locations across the LGA and will continue to work with E-Bike operators for solutions.</p>	External	Complete

		<p>Council also recently submitted a Shared micromobility enquiry to State Government, to suggest updated regulatory frameworks to allow Council to manage Bike Share systems. This work is progressing at the State level.</p> <p>Enforcement and impounding are continually being discussed with the providers. We have found that under the legislation it is difficult to impound bikes because we need to substantiate that they have been abandoned for 7 days or more. This is still an option that we are investigating.</p> <p>Rangers continue to monitor proactively to ensure compliance.</p> <p>Currently the process to remove Share Bikes causing an obstruction is for Rangers to call directly to the Share Bike main contact numbers and lodge the complaint, giving the Share Bike company 3 hours to move the bike/s that are causing the obstruction.</p> <p>Fortnightly meetings with the Share Bike companies are proving valuable as Council is bringing to light the ongoing issues and complaints caused by the placement of share bikes in within Waverley Municipality.</p> <p>There has been a significant reduction in complaints regarding Share Bikes within Waverley Council over the past few weeks.</p> <p>Please also note the Decision from the March 2025 Council Meeting: CM/6.3/25.03 Micromobility Parking and Management (A17/0445) DECISION</p> <p>That Council:</p> <ol style="list-style-type: none"> Notes the significant increase in trips taken on shared bikes in Waverley, with a 350% increase between 2021 and 2024.

		<p>2. Acknowledges the problems caused by the uncontrolled proliferation of shared bikes in Waverley and the community concerns regarding their operation.</p> <p>3. Prepares a memorandum of understanding (MoU) to be negotiated with bike share providers, requiring operators to cover costs of implementing the MoU, including infrastructure and enforcement. The MoU should define:</p> <p>(a) Permissible bike numbers within the local government area.</p> <p>(b) Designated parking locations</p> <p>(c) Geofencing and enforcement.</p> <p>(d) Service level agreements addressing relocation and placement of bikes.</p> <p>(e) Data sharing for Council monitoring.</p> <p>(f) The maximum speed at which e-bikes can operate electrically assisted being 20 km/h.</p> <p>(g) Process by which helmets must accompany e-bikes.</p> <p>4. Requires the terms of the MoU to be agreed to within four weeks of this resolution, with Council reserving its right to take additional enforcement actions against shared bike operations if the MoU timeframe has not been met.</p> <p>5. Conducts a six-month bike share parking trial, starting June 2025, using designated parking areas on footpaths and on-street (where appropriate), focusing on high-traffic areas like Bondi Junction, Bondi Beach and Bronte Beach.</p> <p>6. Requires the MoU to provide that operators address bike placements hindering pedestrian access, especially for those with disabilities, within two hours of notification.</p> <p>7. Implements an enhanced enforcement regime, including increased ranger patrols, monitoring (physical and data-driven and impounding of improperly parked bikes.</p>
