**CHARING CROSS PRECINCT**

**Waverley Council Response Report to requests from November 2023 Charing Cross Precinct meeting**

| Meeting Date    | Motion  | Council Officer Response   | Directorate                             | Status      |
|-----------------|---|--|---|-------------|
| <b>ACTIONS</b>  |   |  |   |             |
| 7 February 2024 | <b>Charing Cross Streetscape</b><br>Cr Fabiano and Jessica Ilacqua to follow up resident JV's submission  | Project Managers have emailed resident JV with a response.   | Assets & Operations                     | Complete    |
|                 | <b>St Catherines</b><br>Could Council consider a roundabout on the corner of Macpherson Street and Albion Street to improve traffic flow. Traffic is held up especially on School days and it is difficult to turn right into Macpherson Street from Arden Street going North | <p>We appreciate the feedback and the concerns from the Precinct. This helps us understand areas for improvements over time. We currently have a large volume of investigations to undertake throughout the LGA and are working toward how we can prioritise those.</p> <p>Macpherson St is identified as a key bicycle route. Roundabouts can improve traffic flow, but can create additional safety issues for cyclists, and by extension other street users. There may be alternate control options, but this would require a broader investigation.</p> <p>Council is working with local schools, including St. Catherines to improve active transport opportunities and encourage fewer school-related vehicle trips. Council is planning on implementing improvements to the roundabout at Albion St and Macpherson St this calendar year.</p> | Assets & Operations                     | In progress |
|                 | <b>Waverley Park</b><br>Playground at Waverley Park some issues with kids climbing on roof.<br>Are there any issues with dangers to kids in the new playground at Waverley Park   | The Precinct's feedback has been shared with the Major Projects team who will continue to monitor and assess the Playground.   | Assets & Operations                     | Complete    |
|                 | <b>Electric Scooters</b><br>Ask Council as to who is responsible for policing electric scooters   | <p>Personal e-scooters remain illegal on NSW roads and road-related areas, including footpaths, shared paths and bicycle lanes.</p> <p>You can only use these on private property.</p>   | Planning, Sustainability and Compliance | Complete    |
|                 | <b>Motorcycle Parking at Bondi Beach</b>  | <ul style="list-style-type: none"> <li>A solution for motorcycle parking on QED will be addressed this year.</li> </ul>  | Assets & Operations /                   | In progress |
