A fine ambassador

The Waverley Community Living Program (WCLP) was established in 1984 and provides assistance to those in our community with a mild intellectual disability, to help them move towards more independent living.

One of WCLP's members, Jessica Tattersall, has been officially named as an 'Ambassador 2012' for International Day for People with Disability. This is a remarkable achievement and Jessica represents what is possible for people with a disability to achieve. Jessica is a great advocate for people with disabilities and attends forums for the NSW Council for Intellectual Disability.

Congratulations Jessica!

Jessica and her case manager Ian MacKinnon

Great summer reading

For the past 11 years, Council's prestigious national literary award, 'The Nib', has attracted a fantastic selection of the best of Australian writing and excellence in research.

This year, the Library received nominations from 145 high profile and emerging writers, each vying for the main prize of \$20,000. Featuring a broad cross section of fiction and non fiction, the top six short-listed authors were:

- Robin de Crespigny – *The People Smuggler*
- Jane Gleeson-White – *Double Entry*
- Kate Grenville – *Sarah Thornhill*
- Adrian Hyland – *Kinglake-350*
- Fiona Harari – *A Tragedy in Two Acts*
- Danielle Wood – *Housewife Superstar: The very best of Marjorie Bligh*

After much deliberation, the judges agreed that *Double Entry* by Jane Gleeson-White was this year's winner, a decision announced by MC Richard Glover at the award breakfast function at the Margaret Whitlam Recreation Centre on 28 November.

The judges said "a writer who can convince us that the accountant's main tool of trade, double entry bookkeeping, is both of compelling interest and an essential foundation of the modern world, has achieved something rare".

The complete Judges' Comments about this year's finalists, and winners from previous years, are on the Library's website, www.waverley.nsw.gov.au/nib

All of this year's books are on display at the Library, and available for loan.

Council has received generous support for this year's award from Friends of Waverley Library, and local bookshops Gertrude & Alice at Bondi Beach and Dymocks Bondi Junction.

Mayor Cr Sally Betts and winner Jane Gleeson-White.

MAYOR'S MESSAGE

The start of the year is a great time to reflect back on the achievements of the previous year. Of course, my election as Mayor, and the election of my wonderful team, was the highlight of 2012 for me.

Council is always looking for ways to improve, to find new partnerships and deliver new services. To bring about these changes, we need new ideas and a fresh vision.

We have a lot to do in 2013, and community consultation will be at the core of all of our decisions.

In 2013 we will deliver a report with all the community feedback that we have received for the Bondi Plan of Management.

We received over 1,000 suggestions for the future of Bondi Beach, Bondi Park and Bondi Pavilion from the community across our online survey, community meetings and 'Have a Say Day'.

This was a wonderful result and I thank all of our residents who contributed with your ideas and incredible feedback.

I'm also delighted with the level of community interest and consultation that is taking place on the re-evaluation of Council's new strategic plan, Waverley Together 3.

It's really important that our residents have the opportunity to participate in decisions that affect their future.

This term I will be continuing to focus on our infrastructure needs. I am an advocate for light rail to Bondi. Over the coming months Council will investigate the feasibility of this in a bid to get cars off our roads and help our parking issues.

I look forward to continuing to work closely with the community and my fellow Councillors in the new year. Let's work together to ensure that 2013 will be a wonderful year for Waverley that we will look back on with a sense of great pride and achievement.

Construction excellence

Waverley Council recently won the NSW Master Builders Association (MBA) Excellence in Construction Award for sporting facilities to the value of \$50M, for the Margaret Whitlam Recreation Centre.

The MBA Excellence in Construction Awards are the commercial building industry's most prestigious awards, attracting entries from the state's largest commercial, industrial and civil contractors in a range of categories and price divisions.

This Award highlights the high standard of facility the Margaret Whitlam Recreation Centre offers the community.

It's hard to believe the festive season is once again upon us. It's a wonderful time to celebrate with our families and friends, relax and take stock of the year gone by.

This has been a great year for Council. We completed and opened two great community facilities – the Margaret Whitlam Recreation Centre and the Mill Hill Early Education Centre in Bondi Junction. We recently won the NSW Master Builders Association Excellence in Construction Award for the Recreation Centre. Council also won one of four Green Globe 10 Year Sustainability Achievement Awards. A number of projects contributed to Council winning this prestigious Award. More information about these awards and the great work we have been doing in our Environmental Services area can be found in the Environmental Action Plan update in the middle of this edition.

Council elections were held in September, resulting in four new Waverley Councillors. Angela Burrill, Andrew Cusack and Paula Masselos are to represent Lawson Ward and Bill Mouroukas joins Waverley Ward. I'd like to extend my best wishes to outgoing Councillors Kerry Sloan, Rose Jackson, Mora Main and Prue Cancian. We appreciate all their hard work and service to the Waverley community.

Congratulations to Sally Betts, who was elected Waverley Mayor for the fourth time, and Tony Kay, who was voted in as Deputy Mayor. I'd like to thank outgoing Mayor John Wakefield for his initiatives and good work. It's been a pleasure working with John in his role as Mayor over the last year.

I wish you all the very best this festive season. As the weather warms up and our beaches get busier, make sure you stay safe in the water and out. Relax, re-energise and enjoy the many great activities we are running this summer.

General Manager

New Local Environmental Plan

Waverley Council has welcomed the gazettal of the new Waverley Local Environmental Plan 2012 (LEP) by the NSW State Government.

The gazettal, which came into effect on Friday 26 October 2012, means Council will now assess development applications against the new controls set out in the LEP. The LEP covers a range of issues including land use, height of buildings, floor space ratio, heritage, minimum lot sizes

and other local provisions for land within the Waverley Local Government Area (LGA).

The LEP will be supported by Waverley Council's new Waverley Development Control Plan 2012 (DCP), which was adopted by Council and came into effect on the same day. This document provides detailed guidelines for development.

The LEP and DCP are the primary documents Council uses to assess both commercial and residential development applications.

■ For more information about the new LEP and DCP, please visit www.waverley.nsw.gov.au/building_and_development or contact George Bramis, Divisional Manager Strategic Land Use Planning on 9369 8050.

Free WiFi on Bondi Beach

Residents can now access free WiFi on Bondi Beach. Council has signed a free two-year WiFi trial with Universal Network.

The WiFi coverage, which was activated late November, reaches from Bondi Beach and into Bondi Park, making life easier for both residents on the go and visitors. So the next time you're on the beach or in the park and need to send an email or google something, you can do so for free.

Hannah goes bush

Hannah Scully has been working at Council's Bronte Early Education Centre for two and a half years as an Early Childhood Educator. Hannah recently made the decision to take her skills as an early childhood educator, to a very remote community in the Northern Territory, approximately four hours out of Alice Springs. So far Hannah has been there for six weeks and plans to be there for at least a year.

Hannah is the new Team Leader of Children's Services in her community. Her role is to care for and educate children from birth to five years of age, as well as mentor indigenous educators, empowering them as educational leaders. She works alongside other agencies and programs to provide quality care for underprivileged children.

"It has been important for me to work on establishing relationships with members of the community.

To facilitate this I often go and sit in the dirt at sunset to 'talk stories' with the women and to learn some of the local language. It is a special time where we can share our knowledge and insights.

"A continuing challenge is to instil the importance of early childhood education and I am endeavouring to do this in collaboration with my staff, by creating a safe and culturally significant space for families to come together and discuss early childhood issues, while also involving them in the ongoing program", Hannah told Council recently.

Early childhood education is really important for all children in Australia. Having the opportunity to mentor indigenous women and work with children in such a remote community is an amazing experience. Hannah's colleagues at Bronte Early Education Centre are extremely proud and know she will make a difference to the lives of many women and children.

You can follow Hannah's journey at: www.brontetobush.blogspot.com.au

Doors open at Mill Hill

The new Mill Hill Early Education Centre in Bondi Junction proudly opened its doors to the Waverley community in late October.

The purpose-built 52-place Centre in the heart of the Junction offers affordable child care to working families. With the assistance of \$1.65 million Federal funding from the Department of Education, Employment and Workplace Relations (DEEWR), Council has been able to make the Centre a reality.

Mayor of Waverley, Sally Betts visited the Centre to welcome children on their first day and said that the Centre is a great addition to our community in Waverley.

"This Centre offers a much-needed affordable child care option to working families," Mayor Betts said.

"With hundreds of families on our child care waiting lists it is very exciting to welcome the Mill Hill Early Education Centre to Bondi Junction."

The facility offers 52 long day care places, including up to 16 places for 0-2 year olds.

Additional office and meeting rooms will accommodate complementary early childhood services to provide a one-stop-shop for local families.

Books, e-books and audio books free from your Library!

Don't be stuck for holiday reading this summer ... After you've dropped the kids off at one of our great holiday activities, head in to the library and check out our fiction, romance, travel, crime, suspense and classics titles.

If you're hoping for an e-reader or tablet device from Santa, then don't forget you can also download free e-books from our Waverley Library website, 24/7, from the comfort of your own home.

All you need is a current Waverley Library membership card, internet access and a compatible computer, laptop, e-reader or mobile phone.

■ Visit www.waverley.nsw.gov.au/library for more information and to see if your device is compatible with our free audio and e-book download system.

Lily Brett @ your library

Internationally acclaimed essayist, poet and novelist Lily Brett spoke to a full house at Waverley Library in October. Lily chatted with Sydney bookseller Scott Whitmont about her latest novel, *Lola Bensky*.

Mirroring Brett's own early years as a journalist for an Australian music magazine, the novel is a funny and moving story of Lola, a 19-year-old Australian rock journalist who interviews Jimi Hendrix, Mick Jagger and other now-legendary musicians.

After a reading from the novel Lily Brett chatted to Scott about her writing and early years. Her books sold like hotcakes and the crowd had a great morning. This highly successful event was a joint initiative between Waverley Library and Encounters@Shalom.

Lola Bensky and other Lily Brett titles are available now from Waverley Library.

How are we tracking environmentally?

Waverley Council recently took stock of how we are progressing towards meeting our environmental targets in the areas of climate change, water, waste and biodiversity, as well as our work in education and research.

We are proud of the achievements made across Council operations and within the wider community to date. However we recognise the long journey ahead to reach our medium and long-term goals. This is top of mind as we now revise our current plan and develop new and innovative strategies in Council's next Environmental Action Plan.

Highlights

OVERALL

- Green Globe Award Winner 2012 – 10 Year Sustainability Achievement Award

REDUCING OUR CARBON FOOTPRINT

- Council has cut greenhouse gas emissions by 6% since the 2003/04 base year (target: 30% reduction on base year by 2020)
- Further reductions (15%) anticipated from energy-saving retrofit projects underway at major sites. These include Waverley Library, Bondi Pavilion, Council Chambers, Eastgate Carpark and seven others
- We are growing our renewable energy portfolio with four solar power systems now installed on Council buildings with a total 31kW generation capacity
- Bondi Junction Greenhouse Gas Review (2011) has identified significant opportunities for greenhouse gas reductions in this important commercial/retail hub using low carbon technologies and energy efficient design
- Installed solar power capacity across Waverley tripled from September 2010 to December 2011, significantly increasing the amount of renewable energy produced in the community

SUSTAINABLE TRANSPORT

- 61 car share spaces are now available for residents and businesses
- Green Links walking routes link key recreational facilities and transport nodes
- New bike and scooter racks now installed in five local schools as part of Council's commitment to encourage sustainable and active travel

WASTE REDUCTION AND RESOURCE RECOVERY

- Overall amount of waste collected from residents and public space cleansing has decreased
- 36% of residential and public place waste is currently recycled, and 21% for commercial
- Council continues to provide recycling services for electronic waste, batteries, mobile phones, and other hazardous wastes
- Nearly 800 residents now actively participate in our Compost Revolution program

Every year Council runs a range of programs to help the community become more environmentally sustainable.
For monthly email updates, call 9369 8045 or email environment@waverley.nsw.gov.au

WATER USE AND QUALITY

- We are on track to meet our LGA water use target (zero increase in 2005/06 levels for mains water consumption by 2020)
- The Eastern Suburbs Sustainable Business Program, in partnership with Sydney Water, Woollahra and Randwick Councils, has delivered 1777 kL of water savings for businesses each year
- Bronte and Bondi Park Stormwater reuse systems provide a combined 66 ML/year of recycled water for irrigation, toilet flushing and other services
- Water quality has improved at both Bronte and Bondi beaches
- Waverley Park stormwater reuse system will provide 45 ML/year of recycled water for irrigation and toilet flushing
- Rainwater tanks are installed at various sites

CONSERVING BIODIVERSITY

- Remnant vegetation and habitat corridors now mapped and included in planning policies along with controls to protect them
- Upper Bronte Gully Creek restoration project was opened in 2011

- Regeneration and rehabilitation works continue to be supported by the generous time and effort of 56 Bushcare volunteers as well as contractors
- Over 6,000 native trees were planted in 2011/12 across the area by community members, Council staff and contractors

RESEARCH AND EDUCATION

- Council environmental events and educational workshops attracted over 4,200 participants last year
- 17 schools and 199 educators and parents participate in the Eastern Suburbs Sustainable Schools Network, sharing ideas and resources
- A total of \$12,000 of Council Environment Grants awarded to community groups and schools for sustainability projects each year

NEXT STEPS

The Draft Environmental Action Plan 3 will be on exhibition for comment in early 2013. We look forward to your feedback.

Waverley wins Green Globe Award 2012

At a special presentation at State Parliament, Minister for the Environment, Robyn Parker, presented Waverley Council with the Green Globe 10 Year Sustainability Achievement Award for Council's excellence in advancing environmentally sustainable practices.

The Green Globe Awards are seen as the ultimate accolade, and are the NSW State Government's recognition of business, government and not-for-profit sectors' efforts to improve our environment and create a more sustainable planet to live in.

Waverley Council won its category for a number of sustainability projects underway across the LGA including Bronte and Bondi stormwater harvesting, Waverley Park Groundwater Harvesting and Re-use System, the Compost Revolution program, the installation and retrofit of cost-effective energy saving technologies across Council premises, cycling and green links paths, and its commitment to pursuing environmentally friendly practices.

GREEN GLOBE
Winner 2012

Ride2Work Day 2012

Riding a bike is a healthy and sustainable way to get to work, so Waverley Council invited local residents to celebrate cycling to work on National Ride to Work Day.

Bike riders were offered a free breakfast of fruit and croissants in Oxford St Mall and an on-the-spot bike check-up by mechanics from a local bike shop to make sure people's bikes were safe.

Local bicycle user group BIKEast also brought 16 riders in a bike bus from Bondi Beach to the breakfast and then on to the City. Bike buses offer people a supportive way to try out riding a bike to work in a group with experienced riders. People can join the group from designated stops along the route.

For more information visit www.bikeeast.org.au

The event is a great way to encourage people to think about riding to work and to get into the community spirit.

No time to waste!

Waverley Council is committed to diverting 75% of the LGA's domestic waste from landfill by 2020, and we need YOUR HELP.

Have your say about rubbish and recycling in our five-minute survey!

There are two ways you can participate:

- Visit haveyoursaywaverley.com.au/waste and fill the survey in online
- Grab a hard copy at the Waverley Library or at the Customer Service Centre.

Simply complete the survey and you can go in the running to win a double pass for the Tamarama Rock Surfers 2013 season or a \$100 Westfield Bondi Junction shopping voucher.

The survey is open until 31 January 2013.

- For more information, please visit www.waverley.nsw.gov.au/wastesurvey or contact Suji Jadhav, Waste & Recycling Education Officer, via email sujij@waverley.nsw.gov.au

Want a sweeter smelling bin this summer?

Keep food scraps out of your red lid bin by composting or wormfarming this summer. Get a free compost bin or wormfarm from Council's 'Compost Revolution' Program.

Enjoy Council's free workshop and online tutorial to brush up on your composting and wormfarming skills.

It's easy to use compost bins and wormfarms and they don't smell. Composting is perfect for houses and can stop your garden wilting this summer by giving you lush healthy soil. Wormfarms are great for apartments, on balconies and even indoors, so they really are for everyone.

■ Order your free compost bin or wormfarm today.

Go to www.compostrevolution.com.au, do the tutorial and take the quiz. Waverley residents can even have them delivered for free.

■ Want to go to a workshop on composting or wormfarming? Book at www.cityeastcc.com.au or call City East Community College on 9387 7400.

A pawfect place to play

Waverley Council is helping the community to ensure our four-legged friends have more off-leash areas in which to play and exercise in Waverley.

Following demand from the community, Council is now trialling three parks with new off-leash areas – Hugh Bamford Reserve, Dickson Park and Waverley Park.

The signage has been designed and created by artist Emma Anna. These new areas are clearly marked with bright, educational signage and paw print artwork, so both dog and owner will be clear where to play when the signs are installed later this month.

These off-leash areas have been provided in addition to existing dog play areas in Varna Park, Waverley, Raleigh Reserve, Dover Heights, and Diamond Bay Reserve, Vaucluse.

Further consultation is currently underway to see if the community would also like to see off-leash areas in Marks Park and Bronte Park Gully.

Council reminds dog owners to be respectful and considerate of other park visitors, to pick up after their dog and to ensure their pet is under control at all times.

To have your say on the proposed changes to dog walking, please fill in an online survey by visiting www.waverley.nsw.gov.au

Bondi Beach, Park and Pavilion Plan of Management

Council is currently running a community consultation on the Bondi Beach, Park and Pavilion Plan of Management. The Plan will guide how we manage and protect these invaluable sites now and for future generations.

Council asked the community to have their say through an online survey. So far Council has received over 1000 survey responses highlighting how passionate the community is about the area. The survey doesn't close until the 14th of December 2012, so please fill it in online by visiting our website www.waverley.nsw.gov.au.

On Saturday 17 November, Council held a 'Have a Say Day in the Park', giving people the opportunity to comment on materials on display in the park. We had a great response from the community and thank those who came down to Bondi Park to get involved.

We are in the process of collating all the feedback we have received to date and will come back to you in the new year with the outcomes and a draft plan.

For more information about the plan visit www.waverley.nsw.gov.au/bondipom

Annual Report 2011–2012

Waverley Council's Annual Report 2011 – 2012, which covers the period 1 July 2011 to 30 June 2012, is now publicly available.

The Report has been prepared in accordance with Section 428 of the Local Government Act 1993 and provides a summary of Council's activities and progress in implementing its Delivery Program and Operational Plan over the last financial year.

Copies of the Annual Report 2011–2012 can be viewed at Council's Customer Service Centre or Waverley Public Library. Copies can also be viewed or downloaded from Council's website: www.waverley.nsw.gov.au

Let's secure the future of Waverley together

Waverley Together 2 is the community's long term plan and vision for our area. Waverley Council has been working with the community towards this vision and we've been making some great progress.

It's time to revise the plan and we need **your help!** Council is consulting with the community about how we can best deliver services. We want to hear what you think.

We would like your feedback on a number of online forums between November 2012 and February 2013.

Help us develop *Waverley Together 3*, your long term community plan.

Your feedback is valued and appreciated.

Visit www.haveyoursaywaverley.com.au to join the conversation and keep up to date with consultation opportunities.

Seniors staying active

Table tennis anyone?

Table tennis is the latest recreational activity available at the Margaret Whitlam Recreation Centre in Waverley Park.

The Centre has recently purchased five competition standard table tennis tables, plus nets, bats and balls.

First to benefit from the new equipment are the seniors of Waverley. Twice-weekly table tennis sessions for seniors are now being held on Tuesdays and Fridays from 11am to 1pm in the sports court. The

sessions are open to all seniors, no prior experience of the sport is necessary and there is no need to book in advance.

Table tennis is great for all ages and has many benefits for seniors. It improves hand-eye coordination, requires mental alertness and is a fun way to keep fit and socialise with friends.

The cost is only \$3 per person per session, payable on the day. The Centre can supply bats and balls as needed.

■ For more information about using the facilities at the Centre please go to www.waverley.nsw.gov.au/recreationcentre or contact 9389 5010.

Supporting independence

Seniors in our community participated in a booster session for the 'Stepping On' program on 14 November at the Senior's Centre in Bondi Junction.

'Stepping On' is an exciting and friendly community group program for seniors who are aged 65 years and over. It is designed to build knowledge, strength and confidence to help seniors remain independent at home.

The program is run in a group setting with individualised follow-up. It covers a range of issues, including falls and risk, strength

and balance exercises, home hazards, safe footwear, vision and falls, safety in public places, community mobility, coping after a fall and understanding how to initiate a medication review.

Sessions are based around ways to empower participants and guide them towards more independent living, with a focus on those who are fearful of falling or who have recently fallen.

■ Please telephone 9386 7900 and register if you are interested in taking part in the program that will start in February 2013.

Sand, Scrub and Wildflowers: Waverley then

Waverley today, with its paved streets and densely occupied suburbs, bears little resemblance to its bushland past. Scrub and extensive sand dunes used to dominate the area and it was covered with a wide variety of plant species.

Plants that grew locally:

Red Bottlebrush
Coast Teatree
Broadleaved Paperbark
Tree Broom-Heath
Christmas Bush
Pineleaf Geebung
Swamp Lily
Moreton Bay Fig Trees
Climbing Guinea flower
Coastal Correa
Wedding Bush
Pink Waxflower
Button Grass
Silky Purple-flag
Red Five-Corners
Green Five-Corners
Native Quince
Varieties of Wattle & Banksia

What did Waverley look like in the early days of European settlement? Here are some descriptions:

'In the 1850s that portion of Waverley known as Charing Cross was practically virgin scrub. The journey between Charing Cross and Tea Gardens (now Bondi Junction) was like passing along a country road until the next village was reached.'

The locality from Mill Hill to the Tea Gardens was described as 'little else than tea-tree scrub.'

A delightful description of Tamarama Gully notes:

'A rustic bridge spanned the stream in Tamarama Gully which rippled its journey through the ferns to an outlet in the southern side of the beach, wherein nasturtium seeds, carried down by the stream, would lodge,

germinate and blossom into a field of varicoloured flowers, impregnating the air with their perfume.'

Diamond Bay and Old South Head Road:

'The surrounding country was chiefly vacant land in its virgin state, composed of scrub-covered sandstone, with soil interspersed. A shallow water table led into a culvert and emptied into a natural watercourse on his land.'

And if you looked across Bondi Beach you would have seen:

'At Bondi long sweeps of beach and nothing behind but gums and stunted brush, with a stream meandering through fern gullies and palm groves to a blue lagoon just behind the sand. The wooded land belonged to Francis O'Brien, one of Waverley's first Councillors.'
