Over the past few weeks, our Community Programs Manager has been trying to get in touch with the La Perouse Local Aboriginal Land Council to come and review of the site, and advise what steps they would like Council to take to preserve the area. Currently, the Golf Club lease requires them to put a barrier around the area to stop people driving carts or walking across the site. This has been done by plantings and ropes; and it has worked well as it also doesn't draw attention to the site. This has been done with the support of the Department of Environment and Heritage, and the La Perouse Local Aboriginal Land Council.” One wonders if they will completely vanish before everyone gets their acts together.</p>

Unfortunately, I won't be able to attend the Precinct Meeting on the 22<sup>nd</sup>, please note my apologies.

Issues that I would like to be raised are;

- That Council makes a policy of using recycled soft plastics in all outdoor furniture and decking. (There are products in the market such as timber looking decking and timber looking benches and street furniture etc.)
- That recycled crushed glass is used as part of the mix in all new road surfacing (like was used on a section of road in Blair Street between Mitchell and Gould streets)

Regarding the upgrades of Glenayr Street

- On a lot of the new pavers on Glenayr Street they are quite pitted (looks as if some of the stone chips have come out)
- Is it possible to ask (insist) the proprietors of the cafes and other food business clean the new pavers in front of their stores. There are black foot traffic marks from inside the stores onto the new pavers.
- When will the street scape work be completed including the resurfacing of the road?

Road Surfaces

- The left-hand lane travelling south on OSH road between Curlewis and Hall streets has been deteriorating for some time and is in need of resurfacing.
- The section of road on Watson Street leading up to Bondi Road is very uneven and needs attention.

Parklet Trial

- What is the purpose for the Parklets?
  - Is it to provide more outdoor seating to the Cafes? I note that the proposed one on Wairoa is in front of 2 busy Cafes.
  - If so will they be paying rent for this space?
- Would it not be a better use of **our** money to plant more trees in the LGA? For example, redo the street scape on Wairoa Avenue between Blair and Campbell parade with more greenery similar to what had been installed around the many intersections on Glenayr Street.

## North Bondi Precinct Committee Traffic Officer's February Report

Peter, I am not sure who to send emails to about these matters.  
If they are all related to **Traffic**, do we send to the Traffic Team at Waverley?  
Can Jessica advise perhaps?
